Discover Nursing

Summer Program

The Reading Hospital
School of Health Sciences

Explore the Exciting World of Nursing!

If you're considering a career in nursing and would like an up-close look at what nurses do on a daily basis, consider the **Discover Nursing Program** offered by The Reading Hospital School of Health Sciences.

This experience is designed to give prospective nursing students an opportunity to observe nurses within The Reading Hospital. You may get a chance to spend time in one of the state's busiest emergency departments and observe nurses working in maternity, pediatrics, or medical-surgical areas.

Dates and Times of Discover Program:

Discover Week typically runs in June or July. The program includes an orientation session for participants (parents welcome to attend), and an activity schedule from 8 a.m. till 4 p.m. The session will run only when staff and resources are available.

For more information on participant requirements, or to apply, contact:

Program Requirements

The **Discover Nursing Program** is open to students entering either their junior or senior year of high school and who have a minimum grade point average of 3.0.

Students wishing to participate in the **Discover Nursing Program** must verify good school attendance and punctuality, and immunizations, as well as present a health clearance form and two letters of recommendation from teachers or other non-related adults.

Lunch and uniform will be provided to each applicant.

All materials must be received by Admissions two weeks prior to the start of the program.

Program Availability

In order to assure that participants receive the full benefit of the **Discover Nursing Program**, the number of participants is limited to 12. Selection of qualified applicants is made on a first-come, first-serve basis.
