

# THE READING HOSPITAL SCHOOL OF HEALTH SCIENCES POLICY NO. 378

## **SUBJECT: Jeanne Clery Act**

---

Responsibility of: TRSHS Director  
Revised: January, 2011 Reviewed: 2011

---

### **Purpose**

To provide students and families, as higher education consumers, with information about safety on campus.

### **Procedure**

The Jeanne Clery Act formerly known as The Crime Awareness and Campus Security Act of 1990 provides guidance regarding campus safety and security.

TRSHS is patrolled by TRHMC Security Department. Security is available on campus, twenty-four hours per day, seven days per week. Security can be reached by dialing 484-628-4126 or by using the blue emergency call box located in the school parking lot.

Emergencies should be reported immediately to the local police department by dialing 9-1-1 and the TRHMC Security Department (484-628-4126).

The effectiveness of any security system depends upon the cooperation of all concerned.

- Students are required to report all criminal actions or other emergencies immediately to school personnel who will contact campus security.
- Follow up to these incidents will be performed by TRHMC Security Department.

The attached annual report provides detailed information regarding the Clery Act requirements including campus security, how to report a crime, timely warnings, and crime logs. The Clery Act requires the distribution of an annual security report containing statistics on the occurrences of specific crimes (see the Clery Act) which have occurred on The Reading Hospital and Medical Center and School campus as reported to campus security or local law enforcement authorities. TRHMC Security Department can provide copies of the report and access to the daily log during normal business hours.
